

Axiom/American Magnetics Corporation

AMC 712 Magstripe Reader/Writer

The Model 712 handles multiple media event tickets, cards, badges, passbooks, driver licenses – from .010" (.25 mm) to .080" (2.03 mm) thick. Plus, its rugged metal housing provides durability for high-wear application.

The Model 712 reads/writes up to three tracks of ISO, AAMVA, Passbook or custom data formats; writes at densities of 75 or 210 BPI; and reads the magnetic stripe after writing to verify data.

Item#	Vendor#	Description	Retail	Dealer
AMC-712-12	509995011	Model 712 Read/Writer, Trk. 1 & 2 or 2 & 3, RS232, DB9F (HiCo)	1299	*
