047710	JIS II Magnetic Stripe Encoder		

Notes: FZ Rev. 0215B

- Prices are in U.S. dollars. Taxes and shipping not included.
- * A printer with an Ethernet connection will also come with a USB connection

For ordering purposes, the Part Number is only the 6 digit numeric number. The DTC1250e printer is a regional printer and therefore only accepts full panel color ribbons which are compatible with the regional DTC1250e printer. A customer's regional printer type (2 letter regional code) and regional ribbon type (2 letter regional code) can be identified on a label located inside the ribbon compartment. **Whenever ordering full panel color ribbons (YMCKO and YMCKOK) for the DTC1250e printer, please make sure you order the ribbon with the correct Ribbon Part Number and proper 2 letter regional code in the description which matches the same 2 letter regional code of the printer in which it will be used.**
